

# CHILD MARRIAGE AND OTHER CRIMES AGAINST CHILDREN IN KARNATAKA

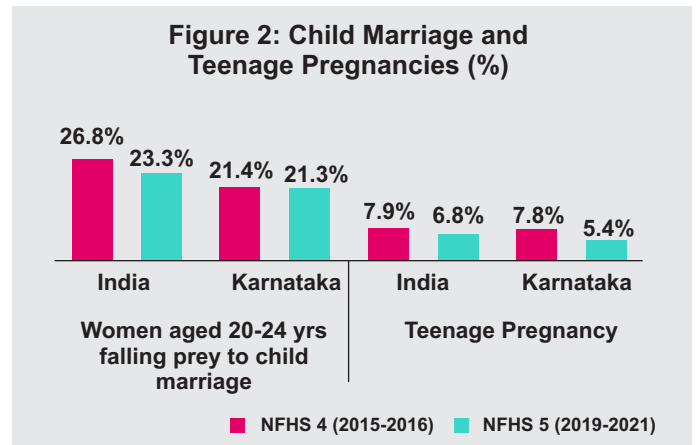

Child marriage (i.e., marriage of girls below the age of 18 and boys below the age of 21) in India is one of the most serious crimes committed against children. It is prevalent in most of the States/UTs despite a law (Prohibition of Child Marriage Act, 2006) to root it out. Child marriage ends childhood and puts children at high risk of violence, exploitation, and abuse. It also adversely impacts their rights to education, health and protection.

A total of 1,49,404 crimes against children were recorded in India in 2021, indicating an average of 409 such cases reported each day during the year. This included a total of 1,050 cases registered under the Prohibition of Child Marriage Act, victimising 1,062 children. Of all the registered crimes against children across the country in 2021, about 5 percent were from Karnataka (7,261). The state stands at the 7th position, in terms of percentage share of the total crimes committed against children during 2021 in the country.

A comparison with last year's reported crimes in Karnataka shows a 33 percent increase in the total number of crimes against children (from 5,471 in 2020). The number of victims of child marriage increased by 49 percent (from 185 in 2020 to 276 in 2021), well above the national average of 34 percent increase (from 792 victims in 2020 to 1,062 in 2021).

## Child Marriage

- During the last 3 years, there has been a continuous increase in the number of victims of child marriage in Karnataka, from 111 in 2019 to 276 in 2021 (increased by 149%)(Figure-1).
- While there is a 3.5 percentage point decrease in women aged 20-24 years falling prey to child marriage between 2015-16 and 2019-21 (from 26.8% to 23.3%) in India, there is only a marginal decrease of 0.1 percentage point in Karnataka (from 21.4% to 21.3%) during the same period.
- As per the Census 2011, in Karnataka, almost 4.8 lakh children were married off before the attainment of the legal age of marriage, which constituted approximately 4 percent of all married children in the country. However, NCRB data suggests that cases of only 572 children were registered in the state under the Prohibition of Child Marriage Act during 2019-21.
- Court disposal of cases under Prohibition of Child Marriage Act:
  - The conviction rate in child marriage cases in India is extremely poor at a mere 10 percent, the lowest conviction rate of all types of crimes committed against children. In 2019, 2020 and 2021 the number of cases which ended with conviction was only 12 (out of 1,640), 6 (out of 2,092) and 10 (out of 2,865) respectively.
  - At the end of 2021, a mounting 96 percent child marriage cases in the country were pending trial (2,761 cases pending out of 2,865 cases).

## Teenage Pregnancy

Teenage pregnancy<sup>1</sup>, which is primarily a consequence of child marriage, has come down from 7.9 percent in 2015-16 to 6.8 percent in 2019-21 at the all-India level. The corresponding decrease in Karnataka has been from 7.8 percent to 5.4 percent (Figure-2).

## Sexual Violence

- The total number of POCSO cases in the state increased by 30 percent during 2019 to 2021 (from 2,160 in 2019 to 2,813 in 2021), as compared to a 14 percent increase (from 47,335 in 2019 to 53,874 in 2021) at the national level.
- The percentage share of child rape cases to the total POCSO cases stands at 62 percent at the national level in 2021. In Karnataka, the same is higher (74%) than the national average in 2021.
- Court disposal of POCSO cases:
  - The conviction in POCSO cases in terms of absolute numbers increased from 3,686 (out of 9,316 cases in which trial was completed) in 2020 to 5,156 (out of 15,989 cases in which trial was completed) in 2021.

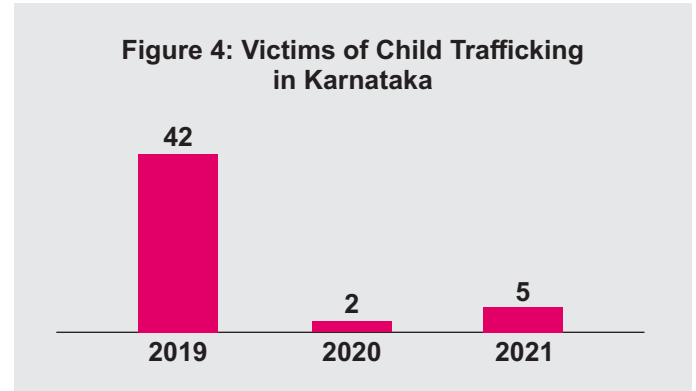

<sup>1</sup> Women aged 15-19 who were already mothers or pregnant at the time of the NFHS-5 survey

<sup>2</sup> State-wise information on conviction in POCSO cases is not available for 2021. Relevant information for 2020 sourced from Lok Sabha Starred Question No. \*294 dt.05 Aug 2022. Ministry of Women and Child Development, Government of India

<sup>3</sup> Lok Sabha Unstarred Question No. 3843 dt. 25th March 2022. Ministry Of Law And Justice, Government of India

- In Karnataka, 61 POCSO cases reached conviction out of 585 cases in which trial was completed in 2020<sup>2</sup>.
- At the end of January 2022, a total of 2,26,728 POCSO cases were pending trial in the country, of which 2,567 cases were from Karnataka<sup>3</sup>.

## Child Trafficking

Source: Crime in India (2019-2021), NCRB, Govt. of India

- In Karnataka, of the total victims of trafficking, a little more than 9 percent (5 out of 53) were children as compared to 44 percent (2,877 out of 6,533) at the national level in 2021.
- The total number of victims of child trafficking in Karnataka has decreased significantly, from 42 in 2019 (30 girls and 12 boys) to 5 (4 girls and 1 boy) in 2021. Girls constituted 80 percent of the total trafficked children in 2021.

## Missing Children

- The total number of missing children in the state increased by an overwhelming 89 percent during 2019 to 2021 (from 835 in 2019 to 1,575 in 2021), as compared to a six percent increase at the all-India level (from 73,138 in 2019 to 77,535 in 2021).
